

Quincy Bay Coders AAPC Chapter is Hosting a workshop!

MARK YOUR CALENDARS!

We are so pleased to welcome two distinguished educators

Cheryl Ortenzi

ICD10 Readiness using ICD9

Cheryl has thirty eight years professional medical billing, coding and compliance experience with expertise in revenue cycle operational improvement, policy and procedure process, and strength in collaboration and communication across multiple practice and administrative environments. She has been teaching the AAPC's PMCC program since 2004.

"I believe coding is the language of healthcare, and the more educational time we provide and share with each other, the stronger our working collaboration becomes and the wider the path of knowledge grows."

Betsy Nicoletti

Face to Face and Non-Face to Face Services- Reporting and Documentation

Betsy holds a Masters of Science in Organization and Management from Antioch, New England, and has worked in and around physician offices for over 25 years. She became a certified coder in 1999.

Betsy is a member of the National Speakers Association, the Medical Group Management Association and the Healthcare Financial Management Association.
