I. GENERAL INFORMATION

A. Background: The "Medicare IVIG Access and Strengthening Medicare and Repaying Taxpayers Act of 2012" authorizes a three year demonstration under Part B of Title XVIII of the Social Security Act to evaluate the benefits of providing payment for items and services needed for the in-home administration of intravenous immune globulin (IVIG) for the treatment of PIDD. Change Requests 8599 and 8724 specified the requirements for implementing this demonstration. Business Requirement (BR) 8599.15 specified the payment rate for the administration of IVIG under the demonstration for 2014 and BR 8599.15.1 provided for annual updates to this rate. CR 9254 established the payment rate under the demonstration for 2016 and established a recurring update notification for future years.

The purpose of this CR is to specify the payment rate for services rendered January 1, 2017 - September 30, 2017. As noted in BR 8599.30, the demonstration ends September 30, 2017 and claims for services rendered after that date shall not be paid. Claims submitted on or after October 1, 2017 may be paid in accordance with the payment rate applicable for the date of service.

B. Policy: The payment rate for Q2052: "Services, Supplies and Accessories Used in the Home under the Medicare IVIG Demonstration" for 2017 shall be \$354.60. The demonstration ends September 30, 2017 and no claims for services rendered after that date shall be paid.
