

## Eli's Rehab Report

## **Tool: Keep Track of PQRI Measures**

Know the correct quality data codes to put on your claims form.

If you're a PT or OT in private practice, you can participate in the Centers for Medicare & Medicaid Services' Physician Quality Reporting Initiative and receive a 2 percent bonus for these claims. CMS has just released its latest specs for 2009, and we've put the measures relevant to rehab in an easy-to read chart. Email the editor for a copy at <u>lindseyr@eliresearch.com</u>.

For a review on how to report PQRI measures, see Physical Medicine & Rehab Coding Alert, Vol. 10, No. 2.
