None

## Policy

### Commercial Members: Managed Care (HMO and POS), PPO, and Indemnity

**Note:** All requests for outpatient retail pharmacy for indications listed and not listed on the medical policy guidelines may be submitted to BCBSMA Clinical Pharmacy Operations by completing the Prior Authorization Form on the last page of this document. Physicians may also submit requests for exceptions via the web using Express PA which can be found on the BCBSMA provider portal or directly on the web at <https://provider.express-path.com>.

This medication is not covered by the pharmacy benefit. It is covered by the Medical Benefit or as a Home Infusion Therapy.

We cover Natrecor® (nesiritide) when ALL of the following criteria are met<sup>1</sup>:

- Patients with a diagnosis of acutely decompensated congestive heart failure who have dyspnea at rest or with minimal activity
- The medication is being administered as an inpatient (Place of Service 1- in the hospital) or in the *emergency room* treatment, only. (Place of Service 2).

Nesiritide is not covered for any other indication, including<sup>1</sup>:

- Intermittent outpatient infusion
- Scheduled repetitive use
- To improve renal function
- To enhance diuresis.

## CPT Codes / HCPCS Codes / ICD-9 Codes

*The following codes are included below for informational purposes. Inclusion or exclusion of a code does not constitute or imply member coverage or provider reimbursement. Please refer to the member's*

contract benefits in effect at the time of service to determine coverage or non-coverage as it applies to an individual member. A draft of future ICD-10 Coding related to this document, as it might look today, is included below for your reference.

Providers should report all services using the most up-to-date industry-standard procedure, revenue, and diagnosis codes, including modifiers where applicable.

### CPT Codes

There is no specific CPT code for this service.

### HCPCS Codes

HCPCS codes:	Code Description
J2325	Injection, nesiritide, 0.1 mg

### Diagnosis coding

ICD-9-CM diagnosis codes:	Code Description
428.0	Congestive heart failure, unspecified
428.1	Left heart failure
428.20	Systolic heart failure, unspecified
428.21	Acute systolic heart failure
428.22	Chronic systolic heart failure
428.23	Acute on chronic systolic heart failure
428.30	Diastolic heart failure, unspecified
428.31	Acute diastolic heart failure
428.32	Chronic diastolic heart failure
428.33	Acute on chronic diastolic heart failure
428.40	Combined systolic and diastolic heart failure, unspecified
428.41	Acute combined systolic and diastolic heart failure
428.42	Chronic combined systolic and diastolic heart failure
428.43	Acute on chronic combined systolic and diastolic heart failure
428.9	Heart failure, unspecified

### Facility coding

ICD-9-CM procedure codes:	Code Description
00.13	Injection or infusion of nesiritide

### ICD-10 Diagnosis Codes

ICD-10-CM Diagnosis codes:	Code Description
I50.42	Chronic combined systolic (congestive) and diastolic (congestive) heart failure
I50.1	Left ventricular failure
I50.20	Unspecified systolic (congestive) heart failure
I50.21	Acute systolic (congestive) heart failure
I50.22	Chronic systolic (congestive) heart failure
I50.23	Acute on chronic systolic (congestive) heart failure
I50.30	Unspecified diastolic (congestive) heart failure

I50.31	Acute diastolic (congestive) heart failure
I50.32	Chronic diastolic (congestive) heart failure
I50.33	Acute on chronic diastolic (congestive) heart failure
I50.40	Unspecified combined systolic (congestive) and diastolic (congestive) heart failure
I50.41	Acute combined systolic (congestive) and diastolic (congestive) heart failure
I50.43	Acute on chronic combined systolic (congestive) and diastolic (congestive) heart failure
I50.9	Heart failure, unspecified

### ICD-10 Procedure Codes

ICD-10-PCS procedure codes:	Code Description
3E063VH	Introduction of Human B-type Natriuretic Peptide into Central Artery, Percutaneous Approach
3E033VH	Introduction of Human B-type Natriuretic Peptide into Peripheral Vein, Percutaneous Approach
3E043VH	Introduction of Human B-type Natriuretic Peptide into Central Vein, Percutaneous Approach
3E053VH	Introduction of Human B-type Natriuretic Peptide into Peripheral Artery, Percutaneous Approach

### Individual Consideration

All our medical policies are written for the majority of people with a given condition. Each policy is based on medical science. For many of our medical policies, each individual's unique clinical circumstances may be considered in light of current scientific literature. Physicians may send relevant clinical information for individual patients for consideration to:

Blue Cross Blue Shield of Massachusetts  
Clinical Pharmacy Department  
One Enterprise Drive  
Quincy, MA 02171  
Tel: 1-800-366-7778  
Fax: 1-800-583-6289

### Managed Care Authorization Instructions

- Prior authorization is required for all out patient sites of service
- For all outpatient sites of service, physicians may fax or mail the attached form to the address above.
- For all outpatient sites of service, physicians may also submit authorization requests via the web using Express PAtH which can be found on the BCBSMA provider portal or directly on the web at <https://provider.express-path.com>

### PPO and Indemnity Authorization Instructions

- Prior authorization **is** required when this medication is processed under the home infusion therapy benefit.
- Prior authorization **is not** required when this medication is purchased by the physician and administered in the office in accordance with this medical policy.
- Physicians may also fax or mail the attached form to the address above.
- Physicians may also submit authorization requests via the web using Express PAtH which can be found on the BCBSMA provider portal or directly on the web at <https://provider.express-path.com>

### Policy History

Date	Action
------	--------

7/2014	Updated Coding section with ICD10 procedure and diagnosis codes, effective 10/2015.
1/2014	Updated ExpressPAtH language.
11/2011-4/2012	Medical policy ICD 10 remediation: Formatting, editing and coding updates. No changes to policy statements.
1/1/2006	New policy, effective 1/1/2006, describing covered and non-covered indication.
