[Docket No. NIH-2007-0930]

National Institutes of Health Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes

AGENCY: National Institutes of Health, HHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The National Institutes of Health (NIH) proposes to issue regulations to implement provisions of the Public Health Service Act authorizing the NIH Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes (UGSP). The purpose of the program is to recruit appropriately qualified undergraduate students from disadvantaged backgrounds to conduct research in the intramural research program as employees of the NIH by providing scholarship support.

DATES: Comments must be received on or before July 28, 2014 to ensure that the NIH will be able to consider the comments in preparing the final rule.

ADDRESSES: Individuals and organizations interested in submitting comments, identified by RIN 0925-AA10 and Docket Number NIH-2007-0930, may do so by any of the following methods:

Electronic Submissions. You may submit electronic comments through the Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments. The NIH is no longer accepting comments submitted to the agency by email.

Written Submissions. You may send written submissions in the following ways:

- Fax: 301-402-0169.
- Mail: Attention: Jerry Moore, NIH Regulations Officer, National Institutes of Health, Office of Management Assessment, 6011 Executive Boulevard, Suite 601, MSC 7669, Rockville, MD 20892.
- Hand Delivery/Courier (for paper, disk, or CD-ROM submissions): Attention: Jerry Moore, 6011 Executive Boulevard, Suite 601, Rockville, MD 20892.

Instructions for all Comments. All comments received must include the agency name, Regulatory Information Number (RIN), and the docket number for this rulemaking. All comments received may be posted without change, including any personal information provided.

Docket. For access to the docket to read background documents or comments received, go to the eRulemaking.gov Portal and insert into the "Search" box the docket number "NIH-2007-0930" and follow the prompts.

SUPPLEMENTARY INFORMATION: On June 10, 1993, the NIH Revitalization Act of 1993 (Pub. L. 103-43) was enacted. Section 1631 of this law amended the Public Health Service (PHS) Act by adding section 487D (42 U.S.C. 288-4). Section 487D authorizes the Secretary, acting through the Director of the NIH, to carry out a program of entering into contracts with individuals under which the Director agrees to provide scholarships for pursuing, as undergraduates at accredited institutions of higher education, academic programs appropriate for careers in professions needed by the NIH. In return, the individuals agree to serve as employees of the NIH in positions that are needed by the NIH and for which the individuals are qualified. The individuals must be enrolled or accepted for enrollment as full-time undergraduates at accredited institutions of higher education and must be from disadvantaged backgrounds. Section 487D of the PHS Act further states that, concerning penalties for breach of scholarship contract, the provisions of section 338E of the PHS Act shall apply to the program to the same extent and in the same manner as such provisions apply to the National Health Service Corps Loan Repayment Program established in section 338B.

The 1993 amendment of the PHS act led to the establishment of the NIH Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes (UGSP). The purpose of the program, since it began selecting participants in 1997, is to recruit appropriately qualified undergraduate students from disadvantaged backgrounds to conduct research in the intramural research program as employees of the NIH by providing scholarship support. The UGSP provides a diverse and highly qualified cadre of individuals seeking careers compatible with NIH employment opportunities.

The NIH is proposing to amend title 42 of the Code of Federal Regulations by adding Part 68b to govern the administration of the UGSP. The proposed rule establishes program regulations necessary to implement and enforce important aspects of the UGSP. In general, the proposed rule specifies the scope and purpose of the program, the eligibility criteria, the application process, the selection criteria, and the terms and conditions of the program.

The rationale used by the NIH in developing the eligibility and selection criteria of this proposed rule is explained as follows. For eligibility, the definition for "Individual from

Disadvantaged Background” used in section § 68b.2 of this proposed rule is the same definition used for other similar programs in the Department of Health and Human Services such as the NIH Loan Repayment Program and the Health Resources and Services Administration Scholarships for Disadvantaged Students Program. That is, an individual from a disadvantaged background, as section § 68b.2 states, means “an individual who: (1) Comes from an environment that inhibited (but did not prevent) him or her from obtaining the knowledge, skills, and abilities required to enroll in an undergraduate institution; or (2) Comes from a family with an annual income below established low-income thresholds. These low-income thresholds are based on family size, published by the U.S. Bureau of the Census, adjusted annually for changes in the Consumer Price Index, and adjusted by the Secretary for use in all health professions programs.” Previously, the UGSP used this definition, but switched to another definition that did not take into consideration any other factors other than economics in defining “Individual from a Disadvantaged Background.” The program used that approach for several UGSP cycles and noted a decrease in the qualifications of applicants. The NIH believes that returning to the original definition, stated above, will ensure the largest, most diverse pool of applicants for the UGSP.

Regarding selection criteria, the applications are prioritized in § 68b.5 to give preference to students that have already completed two years of undergraduate studies and have excellent grades in the core science courses because the NIH wants to ensure a pool of candidates that likely possess the traits required to complete their undergraduate training and their required service obligation to the NIH.

The NIH invites public comment on the proposed UGSP regulations. The following is provided as public information.

Regulatory Impact Analysis

We have examined the impacts of this rule as required by Executive Order 12866, Regulatory Planning and Review (September 30, 1993); Executive Order 13563, Improving Regulation and Regulatory Review (January 18, 2011); the Regulatory Flexibility Act (September 19, 1980, 5 U.S.C. chapter 6); section 202 of the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4); and Executive Order 13132, Federalism (August 4, 1999).

Executive Order 12866

Executive Order 12866, supplemented by Executive Order 13563, directs agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety and other advantages, distributive impacts, and equity). A regulatory impact analysis must be prepared for major rules with economically significant effects (\$100 million or more in any 1 year). Based on our analysis, we believe that the proposed rulemaking will not constitute an economically significant regulatory action. Therefore, a regulatory assessment is not required.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C., chapter 6) requires agencies to analyze options that would minimize any significant impact of the rule on small entities. For the purpose of this analysis, small entities include small business concerns as defined by the Small Business Administration, usually businesses with fewer than 500 employees. Applicants who are eligible to apply for the UGSP are individuals not small entities. It is certified that this proposed rulemaking will not have a significant impact on a significant number of small entities. Therefore, a Regulatory Flexibility Analysis is not required.

Section 202(a) of the Unfunded Mandates Reform Act of 1995

Section 202(a) of the Unfunded Mandates Reform Act of 1995 requires agencies to prepare a written statement that includes an assessment of anticipated costs and benefits before proposing “any rule that includes any federal mandate that may result in the expenditure by state, local, and tribal organizations, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation with base year of 1995) in any one year.” The inflation-adjusted threshold for 2014 is approximately \$141 million. Participation in the UGSP is voluntary and not mandated. Therefore, it is certified that this proposed rulemaking does not mandate any spending by state, local, or tribal government in the aggregate or by the private sector.

Executive Order 13132

Executive Order 13132, Federalism, requires that federal agencies consult with state and local government officials in the development of regulatory policies with federalism implications.

This proposed rulemaking has been reviewed as required under the Executive Order and it has been determined that the proposed rulemaking does not have any federalism implications. It is certified that this proposed rulemaking will not have an effect on the States or on the distribution of power and responsibilities among the various levels of government.

Paperwork Reduction Act

This proposed rule does not contain any new information collection requirements that are subject to Office of Management and Budget (OMB) approval under the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). The application and contract forms used by the NIH Undergraduate Scholarship Program have been approved by OMB under OMB No. 0925–0299 (expires August 31, 2016).

For reasons presented in the preamble, it is proposed to amend title 42 of the Code of Federal Regulations by adding a new Part 68b to read as set forth below.

Authority: 42 U.S.C. 288–4.

§ 68b.1 What is the scope and purpose of the National Institutes of Health Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes?

These regulations apply to the award of scholarships under the National Institutes of Health Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes, authorized by section 487D of the Public Health Service Act (42 U.S.C. 288–4), to undergraduate students attending schools, as the term is defined in these regulations. The purpose of this program is to help ensure an adequate supply of trained health professionals for the National Institutes of Health, which has the mission to uncover new knowledge that will lead to better health.

§ 68b.2 Definitions.

As used in this part:

Academic year means all or part of a 9-month period during which an applicant is enrolled in an undergraduate school as a full-time student.

Acceptable level of academic standing means the level at which a full-time student retains eligibility to continue in attendance under the school's standards and practices.

Act means the Public Health Service Act, as amended.

Applicant means an individual who applies to and meets the eligibility criteria for the UGSP.

Application means forms that have been completed in such manner, and containing such agreements, assurances, and information, as determined to be necessary by the Director.

Approved graduate training means graduate programs leading to a doctoral-level degree (e.g., Ph.D., M.D., D.O., D.D.S., D.V.M., M.D./Ph.D., and equivalent degrees) in a profession needed by the National Institutes of Health.

Director means the Director of the National Institutes of Health or his/her designee.

Full-time student means an individual registered for a sufficient number of credit hours to be classified as full-time, as defined by the school attended.

Individual from Disadvantaged Background means an individual who (1) comes from an environment that inhibited (but did not prevent) him or her from obtaining the knowledge, skills, and abilities required to enroll in an undergraduate institution; or (2) comes from a family with an annual income below established low-income thresholds. These low-income thresholds are based on family size, published by the U.S. Bureau of the Census, adjusted annually for changes in the Consumer Price Index, and adjusted by the Secretary of Health and Human Services for use in the U.S. Department of Health and Human Services' health professions programs. The Secretary periodically publishes these income levels in the **Federal Register**.

Scholarship Program means the National Institutes of Health Undergraduate Scholarship Program Regarding Professions Needed by National Research Institutes authorized by section 487D of the Act (42 U.S.C. 288–4).

Scholarship Program participant or participant means an individual whose application to the Scholarship Program has been approved and whose contract has been signed by the Director.

Scholarship Program Review Committee means the committee that reviews, ranks, and accepts or declines applications for Program participation. This committee also ascertains whether a participant will be awarded continued scholarship support after his or her initial acceptance.

School means a 4-year college or university that (a) is accredited by an agency recognized by the Commission on Recognition of Post-Secondary Accreditation and (b) is located in a State.

State means one of the several U.S. States, the District of Columbia, the Commonwealth of Puerto Rico, the Northern Mariana Islands, the U.S. Virgin Islands, Guam, American Samoa, Palau, Marshall Islands, and the Federated States of Micronesia.

§ 68b.3 Who is eligible to apply for a Scholarship Program award?

(a) To be eligible for a scholarship under this part, applicants must meet the following requirements:

(1) Applicants must be accepted for enrollment, or be enrolled, as full-time undergraduate students in a school;

(2) Applicants must have an overall grade point average of at least 3.5 or a 3.5 average in their major field of study (on a 4.0 scale) or be ranked within the top five percent of their current class (or those students entering, if applying in their freshman year);

(3) Applicants must come from a disadvantaged background as defined by § 68b.2;

(4) Applicants must meet the citizenship requirements for federal employment; and

(5) Applicants must submit an application to participate in the Scholarship Program together with a signed contract as outlined in sections 487D(a) and (f) of the Act.

(b) Any applicant who owes an obligation for service to a State or other entity under an agreement entered into before filing an application under this part is ineligible for an award unless a written statement satisfactory to the Director is submitted from the State or entity that:

(1) There is no potential conflict in fulfilling the service obligation to the State or entity and the Scholarship Program, and

(2) The Scholarship Program service obligation will be served before the service obligation for professional practice owed to the State or entity.

§ 68b.4 How is an application made for a Scholarship Program award?

Each individual desiring a scholarship under this part must submit an application (including a signed contract as required under section 487D(a) of the Act) in such form and manner as the Director may prescribe.

§ 68b.5 How will applicants be selected to participate in the Scholarship Program?

(a) *General*. In deciding which applications for participation in the Scholarship Program will be approved, the Director will place the applications into categories based upon the selection priorities described in paragraph (b) of this section. Except for renewal awards (see paragraph (e) of this section), the Director will then evaluate each applicant under paragraph (c) of this section.

(b) *Priorities*. (1) First priority will be given to applicants who have completed at least 2 years of undergraduate course work, including four core science courses, and are classified by their educational institutions as juniors or seniors as of the beginning of the academic year of scholarship. (Core science courses include, but are not

limited to, biology, chemistry, physics, and calculus.)

(2) Second priority will be given to applicants who have completed four core science courses, as defined above.

(3) Third priority will be given to applicants who are matriculated freshmen or sophomores.

(c) *Selection.* In selecting participants and determining continuation of program support, the Director will take into consideration those factors determined necessary to ensure effective participation in the Scholarship Program. These factors may include, but are not limited to:

- (1) Biomedical research experience and performance,
- (2) Academic performance,
- (3) Career goals, and
- (4) Recommendations.

(d) *Duration of Scholarship award.* Subject to the availability of funds appropriated for the Scholarship Program, the Director may, at his/her discretion, award scholarships under this part for a period of one, two, or three academic years.

(e) *Continuation of scholarship support.* Subject to the availability of funds for the Scholarship Program, the Director may continue scholarship support if:

- (1) The participant requests a continuation of scholarship support;
- (2) The scholarship will not extend the total period of Scholarship Program support beyond 4 years; and
- (3) The participant is eligible for continued participation in the Scholarship Program, as determined by the Scholarship Program Review Committee.

§ 68b.6 What will an individual be awarded for participating in the Scholarship Program?

(a) *Amount of scholarship.* (1) Subject to a maximum annual award of \$20,000, a scholarship award for each school year will consist of:

- (i) Tuition;
- (ii) Reasonable educational expenses, including required fees, books, supplies, and required educational equipment;
- (iii) Reasonable living expenses for the academic year as documented in the school's financial aid budget; and
- (iv) For purposes of this section, "required fees" means those fees that are charged by the school to all students pursuing a similar curriculum, and "required educational equipment" means educational equipment that must be purchased by all students pursuing a similar curriculum at that school.

(2) The Director may enter into an agreement with the school in which the participant is enrolled for the direct

payment of tuition and reasonable educational expenses on the participant's behalf.

(b) *Payment of scholarship: Leave-of-absence; repeated course work.* The Director will suspend scholarship payments to or on behalf of a participant if the school:

(1) Approves a leave-of-absence for the participant for health, personal, or other reasons; or

(2) Requires the participant to repeat course work for which the Director has previously made scholarship payments under § 68b.6. However, if the repeated course work does not delay the participant's graduation date, scholarship payments will continue except for any additional costs relating to the repeated course work. Any scholarship payments suspended under this paragraph will be resumed by the Director upon notification by the school that the participant has returned from the leave-of-absence or has completed the repeated course work and is pursuing as a full-time student the course of study for which the scholarship was awarded.

§ 68b.7 What does an individual have to do in return for the Scholarship Program award?

(a) *General.* For each academic year of scholarship support received, participants must serve as full-time employees of the National Institutes of Health:

- (1) For not less than 10 consecutive weeks of each year during which the participant receives the scholarship; and
- (2) For 12 months for each academic year for which the scholarship has been provided.

(b) *Beginning of service.* The period of obligated service under § 68b.7(a)(2) must begin within 60 days of obtaining the undergraduate degree, except for participants who receive a deferment under section § 68b.8 below.

§ 68b.8 Under what circumstances can the period of obligated service be deferred to complete approved graduate training?

(a) *Requested deferment.* Upon the request of any participant receiving an undergraduate degree, the Director may defer the beginning date of the obligated service to allow the participant to complete an approved graduate training program. Individuals desiring a deferment under this part must submit a request in such form and manner as the Director may prescribe.

(b) *Altering deferment.* Before altering the length or type of approved graduate training for which the period of obligated service was deferred under paragraph (a) of this section, the

participant must request and obtain the Director's approval of the alteration.

(c) *Additional terms of deferment.* The Director may prescribe additional terms and conditions for deferment under paragraphs (a) and (b) of this section as necessary to carry out the purposes of the Scholarship Program.

(d) *Beginning of service after deferment.* Any participant whose period of obligated service has been deferred under paragraph (a) of this section must begin the obligated service within 30 days of the expiration of their deferment.

§ 68b.9 What will happen if an individual does not comply with the terms and conditions of participating in the Scholarship Program?

(a) When a participant fails to maintain an acceptable level of academic standing, is dismissed from the school for disciplinary reasons, or voluntarily terminates the course of study or program for which the scholarship was awarded before completing the course of study or program, the participant must, instead of performing any service obligation, pay to the United States an amount equal to all scholarship funds awarded under § 68b.6. Payment of this amount must be made within 3 years of the date the participant becomes liable to make payment under this paragraph.

(b) If, for any reason not specified in § 68b.11(b), a participant fails to begin or complete the period of obligated service incurred under § 68b.7, including failing to comply with the applicable terms and conditions of a deferment granted by the Director, the participant must pay to the United States an amount determined by the penalties set forth in section 487D(e) of the Act. Payment of this amount shall be made within one year of the date that the participant failed to begin or complete the period of obligated service, as determined by the Director.

§ 68b.10 When can a Scholarship Program payment obligation be discharged in bankruptcy?

Any payment obligation incurred under § 68b.9 may be discharged in bankruptcy under Title 11 of the United States Code only if such discharge is granted after the expiration of the seven-year period beginning on the first date that payment is required and only if the bankruptcy court finds that a nondischarge of the obligation would be unconscionable.

§ 68b.11 Under what circumstances can the service or payment obligation be canceled, waived, or suspended?

(a) Any obligation of a participant for service or payment to the federal government under this part will be canceled upon the death of the participant.

(b) The Director may waive or suspend any service or payment obligation incurred by the participant upon request whenever compliance by the participant:

- (1) Is impossible, or
- (2)(i) Would involve extreme hardship, and
- (ii) If enforcement of the service or payment obligation would be unconscionable, as required by section 487 D(e) of the Act, 42 U.S.C. 288–4(e).

(c) The Director may approve a request for a suspension of the service or payment obligations for a period of one year. A renewal of this suspension may also be granted.

(d) Compliance by a participant with a service or payment obligation will be considered impossible if the Director determines, on the basis of information and documentation as may be required, that the participant suffers from a physical or mental disability resulting in the permanent inability of the participant to perform the service or other activities that would be necessary to comply with the obligation.

(e) In determining whether to waive or suspend any or all of the service or payment obligations of a participant as imposing an undue hardship and being against equity and good conscience, the Director, on the basis of information and documentation as may be required, will consider:

- (1) the participant's present financial resources and obligations;
- (2) the participant's estimated future financial resources and obligations; and
- (3) the extent to which the participant has problems of a personal nature, such as physical or mental disability or terminal illness in the immediate family, which so intrude on the participant's present and future ability to perform as to raise a presumption that the individual will be unable to begin or complete the obligation incurred.

§ 68b.12 What other regulations and statutes apply?

Several other regulations and statutes apply to this part. These include, but are not necessarily limited to:

- (a) Debt Collection Act of 1982 (31 U.S.C. 3701 et seq.);
- (b) Debt Collection Improvement Act of 1996 (31 U.S.C. 3701 note);
- (c) Fair Credit Reporting Act (15 U.S.C. 1681 et seq.);

(d) Federal Debt Collection Procedures Act of 1990 (28 U.S.C. 176); and

(e) Privacy Act of 1974 (5 U.S.C. 552a).

Defense Federal Acquisition Regulation Supplement: Clauses With Alternates—Special Contracting Methods, Major System Acquisition, and Service Contracting (DFARS Case 2014–D004)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Proposed rule.

SUMMARY: DoD is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to revise and update clauses and their prescriptions for special contracting methods, major system acquisition, and service contracting to create basic and alternate clauses structured in a manner to facilitate use of automated contract writing systems. The rule also includes the full text of each alternate, rather than only showing the paragraphs that differ from the basic clause.

DATES: *Comment Date:* Comments on the proposed rule should be submitted in writing to the address shown below on or before July 28, 2014, to be considered in the formation of a final rule.

ADDRESSES: Submit comments identified by DFARS Case 2014–D004, using any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by entering “DFARS Case 2014–D004” under the heading “Enter keyword or ID” and selecting “Search.” Select the link “Submit a Comment” that corresponds with “DFARS Case 2014–D004.” Follow the instructions provided at the “Submit a Comment” screen. Please include your name, company

name (if any), and “DFARS Case 2014–D004” on your attached document.

- *Email:* osd.dfars@mail.mil. Include DFARS Case 2014–D004 in the subject line of the message.

Comments received generally will be posted without change to <http://www.regulations.gov>, including any personal information provided. To confirm receipt of your comment(s), please check <http://www.regulations.gov>, approximately two to three days after submission to verify posting (except allow 30 days for posting of comments submitted by mail).

FOR FURTHER INFORMATION CONTACT: Ms. Janetta Brewer, Defense Acquisition Regulations System, OUSD(AT&L)DPAP/DARS, Room 3B855, 3060 Defense Pentagon, Washington, DC 20301–3060. Telephone 571–372–6104.

SUPPLEMENTARY INFORMATION:**I. Background**

DoD is undertaking a revision of provisions and clauses with alternates and the associated prescriptions, in order to clarify usage and facilitate the use of automated contract writing systems. These proposed changes do not affect the meaning or applicability of the provisions or clauses.

II. Discussion

This proposed rule addresses DFARS parts 217, 234, and 237 clauses that have alternates. The affected clauses are—

- 252.217–7000, Exercise of Option to Fulfill Foreign Military Sales Commitments, with one alternate;
- 252.234–7003 Notice of Cost and Software Data Reporting System, with one alternate;
- 252.234–7004 Cost and Software Data Reporting System, with one alternate;
- 252.237–7002 Award to Single Offeror, with one alternate; and
- 252.237–7016 Delivery Tickets, with two alternates.

The naming convention results in proposed new clause titles, e.g., Exercise of Option to Fulfill Foreign Military Sales Commitments—Basic, and Exercise of Option to Fulfill Foreign Military Sales Commitments—Alternate I.

An umbrella prescription is proposed to be added for the elements common to
