

in their life would want them to do with the training information. At the end of week four, the respondent will return the actigraph. No data collection will occur during weeks five to 10 of the study.

The second post-test period will be weeks 11 and 12 of the study to gather longer-term outcomes. At the beginning of week 11, the respondents will be fitted with an actigraph. The respondent will wear the actigraph and complete the sleep activity diary for the next 14 days. At the end of week 12 of the study, respondent will complete the

Epworth Sleepiness Scale, Pittsburgh Sleep Quality Index, and Changes in Behaviors questionnaires. The combined response time is five minutes. The respondent will return the actigraph and study ends.

The burden table lists three 10-minute meetings during the post-test period when they will return the actigraph at the end of week four, be fitted with an actigraph at the beginning of week 11 and return it at the end of week 12. The respondents will complete the sleep activity diary for 42 days, which will take two minutes each day.

Study staff will use the findings from the pilot test to make improvements to the training program. The research team will reinforce or expand training content that showed less than desired results on the pilot test. Potential impacts of this project include improvements in management practices such as the design of work schedules and improvements in officers' personal behaviors for coping with the demands of shift work and long work hours. The total estimated annualized burden hours is 334. There are no costs to respondents other than their time.

## Contents

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see **ADDRESSES**).

CMS-855S Medicare Enrollment Application—Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Suppliers  
CMS-10527 Annual Eligibility Redetermination, Product Discontinuation and Renewal Notices

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

## Information Collection

1. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Enrollment Application—Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Suppliers; *Use:* The CMS-855S is submitted by an applicant to the National Supplier Clearinghouse Medicare Administrative Contractor (NSC MAC) to initially apply for a Medicare billing number, and thereafter to add a new business location, revalidate Medicare enrollment, reactivate Medicare enrollment, to report a change to current Medicare enrollment information, changing the tax identification number, and to voluntarily terminate the supplier's Medicare enrollment, as applicable. It is used by new applicants as well as suppliers already enrolled in Medicare but need to submit the form for a reason other than initial enrollment into the Medicare program. *Form Number:* CMS-855S (OMB control number: 0938-1056); *Frequency:* Yearly; *Affected Public:* Private Sector, Business or other

for-profits and Not-for-profit institutions; *Number of Respondents:* 135,351; *Total Annual Responses:* 44,757; *Total Annual Hours:* 265,471. (For policy questions regarding this collection contact Kim McPhillips at 410-786-5374.)

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of information Collection:* Annual Eligibility Redetermination, Product Discontinuation and Renewal Notices; *Use:* Section 1411(f)(1)(B) of the Affordable Care Act directs the Secretary of Health and Human Services (the Secretary) to establish procedures to redetermine the eligibility of individuals on a periodic basis in appropriate circumstances. Section 1321(a) of the Affordable Care Act provides authority for the Secretary to establish standards and regulations to implement the statutory requirements related to Exchanges, qualified health plans (QHPs) and other components of title I of the Affordable Care Act. Under section 2703 of the Public Health Service Act (PHS Act), as added by the Affordable Care Act, and former section 2712 and section 2741 of the PHS Act, enacted by the Health Insurance Portability and Accountability Act of 1996, health insurance issuers in the group and individual markets must guarantee the renewability of coverage unless an exception applies.

The final rule "Patient Protection and Affordable Care Act; Annual Eligibility Redeterminations for Exchange Participation and Insurance Affordability Programs; Health Insurance Issuer Standards Under the Affordable Care Act, including Standards Related to Exchanges" (79 FR 52994), provides that an Exchange may choose to conduct the annual redetermination process for a plan year (1) in accordance with the existing procedures described in 45 CFR 155.335; (2) in accordance with procedures described in guidance issued by the Secretary for the coverage year; or (3) using an alternative proposed by the Exchange and approved by the Secretary.

The final rule also amends the requirements for product renewal and re-enrollment (or non-renewal) notices to be sent by QHP issuers in the Exchanges and specifies content for these notices. The guidance document "Updated Federal Standard Renewal and Product Discontinuation Notices" (published on July 19, 2018) provides standard notices for product discontinuation and renewal to be sent by issuers of individual market QHPs and issuers in the individual market.

Issuers in the small group market may use the draft federal standard small group notices released in the June 26, 2014 bulletin "Draft Standard Notices When Discontinuing or Renewing a Product in the Small Group or Individual Market", or any forms of the notice otherwise permitted by applicable laws and regulations. States that are enforcing the guaranteed renewability provisions of the Affordable Care Act may develop their own standard notices for product discontinuances, renewals, or both, provided the state-developed notices are at least as protective as the federal standard notices. *Form Number:* CMS-10527 (OMB control number 0938-1254); *Frequency:* Annually; *Affected Public:* Private Sector, State Governments; *Number of Respondents:* 1,805; *Total Annual Responses:* 7,420; *Total Annual Hours:* 90,331. For policy questions regarding this collection contact Usree Bandyopadhyay at 410-786-6650.

Dated: July 5, 2019.

**SUPPLEMENTARY INFORMATION:** Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection:* Revision with change of a currently approved collection; *Title of Information Collection:* Notice of Denial of Medical Coverage (or Payment) (NDMCP); *Use:* Section 1852(g)(1)(B) of the Social Security Act (the Act) requires Medicare health plans to provide enrollees with a written notice in understandable language of the reasons for the denial and a description of the applicable appeals processes. Medicare health plans, including Medicare Advantage plans, cost plans, and Health Care Prepayment Plans (HCPPs), are required to issue the Notice of Denial of Medical Coverage (or Payment) (NDMCP) when a request for either a medical service or payment is denied, in whole or in part. Additionally, the notices inform Medicare enrollees of their right to file an appeal, outlining the steps and timeframes for filing. All Medicare health plans are required to use these standardized notices. In 2013, Medicaid appeal rights were integrated into form CMS-10003 for beneficiaries who are eligible for Medicare and full Medicaid benefits under a State Medicaid plan. These appeal rights are provided in instances where a Medicare health plan enrollee receives full benefits under a State Medical Assistance (Medicaid) program being managed by the plan and the plan denies a service or item that is also subject to Medicaid appeal rights.

Changes to the collection from the 60-day package to the 30-day package include:

- Removal of language related to State Fair Hearings to comply with the change in Medicaid managed care rules at 42 CFR 438.402(c)(1)(i), effective 2017, that all Medicaid managed care denials must now first have a plan-level review before a State Fair Hearing can be requested.
- Updates to comply with the Medicare Advantage final rule, published May 23, 2019, **Federal Register**, 84 FR 23832, effective January 1, 2020, regarding the change in timeframes for Medicare Advantage appeals related to Part B drugs.
- Removing the option to delete sections related to expedited payment requests (if applicable); plans are to leave all language regarding fast appeals. Text has been added to the notice informing enrollees they do not have a right to request an expedited appeal if they are asking to be paid back for an item or service already received (42 CFR 422.570(a)).
- The addition of language in the instructions that "applicable integrated plans" should follow notification requirements under final rule published
