This information collection is used by the Commission to license commercial ATC radio communication services in the United States, including low-power ATC. The revised collection is to be used by the Commission to regulate equipment manufacturers and licensees of low-power ATC networks. Without the collection of information that would result from these final rules, the Commission would not have the necessary information to grant entities the authority to operate commercial ATC stations and provide telecommunications services to consumers.

Notice of Filing of Complaint and Assignment

Notice is given that a complaint has been filed with the Federal Maritime Commission (the “Commission”) by Dollar General Logistics, LLC (the “Complainant”) against Yang Ming Marine Transport Corp. (the “Respondent”). Complainant states that the Commission has subject-matter jurisdiction over the complaint pursuant to the Shipping Act of 1984, as amended, 46 U.S.C. 40101 *et seq.*, and personal jurisdiction over Respondent as an ocean common carrier, as defined in 46 U.S.C. 40102(18), that has entered into a service contract, as defined in 46 U.S.C. 40102(21), with Complainant.

Complainant is a corporation existing under the laws of the state of Tennessee with its principal place of business located in Goodlettsville, Tennessee.
