Certification Process for SSL and the DRA Forms

Resources Available When Certifying

- ❑ OMIG's certification landing page has links to the forms and other resources; see <http://www.omig.ny.gov/compliance/certification>
- ❑ The SSL and the DRA certification forms have a series of questions to help inform providers of what is required to be in place in order to certify
- ❑ Certification Categories on the SSL form address the category for the provider to choose based upon what certification circumstance is being pursued

Guidance on Completing the Certification Process

Guidance on Completing the Certification Process - SSL

1. Identify all **Federal Employer Identification Numbers (FEINs)** through which you now – or expect to – order, claim, or receive Medicaid payments. Some providers have multiple FEINs.
2. Certification is required for every FEIN that orders, claims, or receives Medicaid payments; or submits claims on behalf of another for Medicaid services, who are subject to the mandatory compliance program obligation.

Guidance on Completing the Certification Process - SSL (continued)

3. Review your mandatory compliance program to confirm that it meets all eight elements of the NYS Social Services Law and the regulations.
4. Assess whether your mandatory compliance program is implemented and operating.
5. Identify the appropriate person to serve as the certifying official for the SSL. The individual should be familiar with the compliance program (optimally, the individual to whom the compliance function reports).

Guidance on Completing the Certification Process - SSL (continued)

6. Ensure that firewalls, filters and antivirus programs will allow connection and submission.
7. Conduct regular assessments of your compliance program and identify any gaps.
8. Create an annual work plan and assess the progress on prior work plans, as well as the status of plans of correction.

Guidance on Completing the Certification Process - SSL (continued)

9. Interact with the certifying official, senior management and governing board in addressing the work plan, plans of correction and gaps.
10. If you cannot locate your confirmation page after submitting the certification, *do not* recertify; instead, request a copy of the certification page by email at: compliance@omig.ny.gov.
11. Visit <https://www.omig.ny.gov/omig-email-list-subscriptions> and subscribe to OMIG's listserv to receive certification reminders and additional information.

Guidance on Completing the Certification Process – DRA

1. Review the CMS FAQs that are referenced in OMIG's certification materials.
2. Review your employee handbook (if one exists) as well as policies and procedures to confirm they meet the requirements of the DRA.
3. Identify the appropriate person to serve as the compliance officer for the DRA. The individual should be familiar with the requirements found in 42 USC §1396a(a)(68).

Guidance on Completing the Certification Process - DRA (continued)

4. Identify the appropriate individual to serve as the certifying official.
5. If you cannot locate your confirmation page after submitting the certification, do not recertify; instead, request a copy of the certification page by email at: compliance@omig.ny.gov.
