

to be adversely affected by a release or potential release from a CCR unit located in the state for which the program was approved.

RCRA section 4005(d)(4)(B) also provides that in a state with an approved CCR permitting program, the Administrator may commence an administrative or judicial enforcement action under section 3008 if:

- The state requests that the Administrator provide assistance in the performance of an enforcement action; or

- After consideration of any other administrative or judicial enforcement action involving the CCR unit, the Administrator determines that an enforcement action is likely to be necessary to ensure that the CCR unit is operating in accordance with the criteria established under the state's permit program.

V. Action

In accordance with 42 U.S.C. 6945(d), EPA is approving the Texas partial CCR state permit program.

Allocation of Spectrum for Non-Federal Space Launch Operations

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (Commission) takes steps towards establishing a spectrum allocation and licensing framework that will provide regulatory certainty and improved efficiency and that will promote innovation and investment in the United States commercial space launch industry. Specifically, in the Report and Order, the Commission allocates the 2200-2290 MHz band for space operations on a secondary basis to permit non-federal use in specific portions of this band for purposes of
