

The Wichita Local Chapter of the AAPC (American Academy of Professional Coders) will be holding their annual “membership drive”, May Mania, meeting 6:30 pm, May 3, 2012 at the Cessna Conference Center, Wesley Medical Center. You do not have to be a member or become a member to attend this fun event. In fact, our chapter will get “extra points” for having non-members attend, so bring a friend along! There is no cost and you may even win a fabulous prize or two. Everyone will receive something just for coming and there will be refreshments.

We would especially like to encourage those members who haven’t attended in a while, or those who may have never attended. Our coding community benefits so much when we connect with each other.

We will have Dr. Kevin Miller from Associates in Women’s Health present “Codes in Female Pelvic Medicine and Reconstructive Surgery”. Attending will let you experience what the Wichita Local Chapter of the AAPC’s monthly meetings are all about. It would be my honor if you could attend with me. If you know of anyone else that may be interested, please ask them to join us. Or let me have their contact information and I will personally invite them, as well.

Please RSVP so we will have enough refreshments by emailing or calling me at the address and phone below. We look forward to seeing you at May Mania 2012.

Thanks for supporting the Wichita Local Chapter of the AAPC!
