- Sun Java™ Runtime Environment 5 (JRE™ 5) is no longer supported. It may continue to work but Java 6 Update 13 is the only supported JRE.
- Internet Explorer 6 and Internet Explorer 5 are not supported.
- Firefox 1.x and 2.0 are not supported.
- Safari 2.0 is no longer supported.
- Internet Explorer 8 is only supported in Standards Mode.
- Google Chrome is not supported.
- Windows 7 and Mac OSX Snow Leopard were not released with adequate time to test against this release. Therefore they are considered Provisional.

Support Level	What this means
<b>Certified</b>	Certified configurations are fully tested and supported by Blackboard.
<b>Compatible</b>	Compatible configurations are partially tested but should function properly.
<b>Provisional</b>	Support is planned for the future. Configurations are still in testing stage. Technology may be used, but it is so new that there may be unknown issues that could affect performance.
<b>Unsupported</b>	The configuration is not tested or supported by Blackboard. Not recommended to use this technological configuration.
